

REPEAT ORDERS FOR VDL CONTAINER SPREADERS

Port-Trade has delivered new container spreaders to Bring at Ålesund, Norway and to SCA in Sundsvall, Sweden.

Bring Logistics took delivery of their second 20'-40' VDL container spreader type CH 6600 LW. Bring operates a Gottwald HMK 170 E mobile harbour crane, previously at Skogn.

SCA Forest Products recently took delivery of their second 20'-45' VDL container spreader, type CH 6650.

Also the new spreader is a true 45' spreader handling all ISO container sizes up to 45'. In Sundsvall, SCA operates a rail mounted NDC crane and has recently ordered a new Terex Gottwald GHMK 6507 mobile harbour crane, also through Port-Trade.
